## ON THE BRINK OF WAR

Threatening Situation Between the United States and Spain.

CRISIS EXISTED FOR THREE HOURS.

Consul General Lee's Firm Stand in Protecting a Mexican Citizen Aboard an American Vessel.

THREAT MADE BY GEN. WEYLER.

If the Vessel Attempted to Go to Sea With the Mexican on Board She Would Be Sunk by the Guns of Moro Castle—General Lee Told the Captain of the Vessel to Proceed to Sea, and Added: "If the Guns of Moro Castle Sink Your Ship American Warships Will Be Bombarding Havana in a Few Days"—Spanish Authorities Back Down After the Guns of the Fort Had Been Turned on the Outgoing Vessel—General Weyler Furious Over the Episode—More Spanish Barbarities Reported—Filibustering Expeditions Safely Landed—Other Cuban War News.

NEW ORLEANS, Oct. 20.—The Times Democrat's Key West special says: If the Spanish authorities had taken Senor Angel Fernandez off the Ward liner Vigilancia, while that vessel was in Havana harbor last Friday, United States warships would have immediately been ordered to Havana to enforce a demand for reparation, and war between this country and Spain would have undoubtedly resulted.

For three hours last Friday the United States and Spain were on the brink of war, and the threatening situation was only relieved when the Spanish authorities ignominiously backed down and allowed the Vigilancia to proceed to sea with Fernandez still on board.

A letter received here from a correspondent in Havana who is close to Consul General Lee, gives a dramatic account of the episode.

According to the letter, when the Vigilancia put into Havana, the Spanish authorities demanded the surrender of Senor Angel Fernandez, a Mexican, on board the vessel. The Spaniards alleged that Fernandez was not a Mexican, but a subject of Spain. Captain John McIntosh of the Vigilancia refused to surrender Fernandez. Then the Spanish authorities told McIntosh that if the Vigilancia attempted to go sea with Fernandez on board, she would be sunk by the guns of Moro castle.

Captain McIntosh immediately laid the matter before Consul General Lee, who complimented the captain for his bravery and told him to take the Vigilancia to sea when he pleased.

Consul Lee was greatly enraged at the threat to sink the Vigilancia and is reported to have said to Captain McIntosh:

"If the guns of Moro castle sink your ship, American warships will be bombarding Havana in a few days."

Captain McIntosh returned to the Vigilancia and Consul Lee informed General Weyler that the vessel was going to sea, and that if any attempt was made to take off Fernandez or that if the vessel was fired upon Spain must take the consequences.

Weyler immediately summoned a cabinet council, and while this council was considering the matter the Vigilancia began to weigh anchor. The Spanish officials on board protested, but Captain McIntosh said in vigorous language:

"D—n your objections; my ship has been cleared. My consul has told me to go to sea. I am going, and I dare you to try to prevent me. Get off my ship!"

And with that, the Yankee roughly shoved the Spaniards into the waiting boats and the Vigilancia, flying the stars and stripes, started for the mouth of the harbor, which is commanded by the guns of Moro castle.

All was excitement in Havana, and the quays and housetops were lined with hundreds of persons who expected to see the Vigilancia fired upon.

Consul Lee himself watched the Vigilancia through a glass, meanwhile signals were being exchanged between Weyler's palace and Moro Castle, and in the latter place there were signs of great excitement. Slowly the Vigilancia entered the mouth of the harbor and then it was noticed that the guns of Moro were turned on the ship. The Vigilancia repeatedly signaled Moro Castle: "I am going to sea," but no an-

swer came from the fort until the vessel was in blue water, and then the Spaniards ran up the signal which means: "Goodby."

It is said that Weyler is furious over the departure of the vessel and Consul Lee's course. It is stated that Weyler ordered the commandant of Moro to sink the Vigilancia, but that at the last moment he yielded to the entreaties of his cabinet and countermanded the order. The episode caused more excitement in Havana than anything since the beginning of the war.

CONSUL LEE COMING HOME. He Will Take a Brief Vacation For the Benefit of His Health.

WASHINGTON, Oct. 20.—It is intimated in official circles here that although no regular formal leave has yet been issued to General Fitzhugh Lee to absent himself from his post as consul general at Havana, that he has arranged the business of the consul generalship so that it may be safely left, for a time at least, to the care of Mr. Springer, our energetic vice consul general. It is expected, therefore, that he will soon pay a visit to his home in Richmond.

It is understood from the same sources that General Lee is in no respect dissatisfied with his office, or with the relations that now exist between himself and the authorities at Havana, but he has undergone a trying and particularly unhealthful season at Havana, while engaged in the discharge of onerous duties and feels the need of recuperation. The visit will, of course, afford an opportunity for Secretary Olney to confer with General Lee as to the present aspect of affairs on the island, but further than above stated, it can not be gathered that the consul general's movements have any significance as affecting the relations between Spain and the United States.

LANDING CARGOES IN CUBA.

The Daring Dauntless Is Kept Busy Filling Her Contracts.

CHICAGO, Oct. 20.—A special from Miami, Fla., says: While United States officials have been wondering what has become of the Dauntless since it landed in Cuba the arms taken on at Palm Beach 10 days ago, that vessel has landed another cargo and is now en route with the third.

It has been learned that the Cubans have a great quantity of arms and ammunition stored on an island in Turtle harbor, south of here, and there the Dauntless has been getting its cargoes, as well as replenishing its supply of coal and provisions. The stores are taken to the island by sailing vessels.

The Dauntless will not return to port until it has taken five cargoes to Cuba, according to contract with the junta.

SAILED UNDER SEALED ORDERS.

The Revenue Cutter Windom Going on a Mysterious Mission.

BALTIMORE, Oct. 20.—The United States revenue cutter Windom left this port at 9:30 this morning under sealed orders. It is thought that the orders which Captain Hand will open when clear of the cape will instruct him to be on the lookout for filibustering expeditions leaving the Florida coast.

The Windom is a twin screw steamer of light draught and has a battery of rapid-fire guns; also, she has the distinction of being the only United States craft that has left this port under sealed orders in many years.

Still Another Expedition Gets Off.

KEY WEST, Oct. 20.—Another expedition is undoubtedly off for Cuba. On Saturday night the steamer Cora in tow loaded with 200 tons of coal in sacks left here on a wrecking voyage. But it is now believed she met the steamer Three Friends at Loggerhead Key, about 80 miles from here, and transferred the coal and about 40 tons of dynamite. Dr. Castillo and C. Silva, who have been on former filibustering trips on the Three Friends, arrived in this city Friday very mysteriously, and left on the Mascotte Saturday night for Tampa. A large crowd of Cubans accompanied them.

A WELL MANAGED PLANT.

The Showing Will Be Used by Glass Workers Opposing the Trust.

ANDERSON, Ind., Oct. 20.—Window glass workers yesterday produced a sworn statement of Newland T. DePauw, receiver of the W. C. DePauw Window Glass company, to creditors. His reports says that the plant at Alexandria earned in five months a total of \$30,000, and had it run nine months of this season it would have earned \$75,000. He states that this was done with the disadvantages of damaged furnaces and some inferior workmen for a time. With such facilities as other factories had he says that the factory could make \$100,000.

The workmen claim that the DePauw factory is of the ordinary size, and that the statement is true. This report they expect to produce again, when the manufacturers' trust meets and continues a reduction in wages, alleging a big loss in earnings.

Freight Wreck.

OWENSBORO, Ky., Oct. 20.—West-bound freight No. 61, on the Louisville, St. Louis and Texas railroad, was wrecked at 1:30 p. m. yesterday at Yellow Creek, five miles east of this city, caused by the truck under the car next the engine giving down and spreading the track. Six cars and the caboose jumped the track all excepting the caboose are a complete wreck. Six men were employed on the train, but all escaped without injury.

## PHILIPPINE REVOLT.

The Uprising on the Islands of a Serious Nature.

REBELS ARE HOLDING THEIR OWN

The Revolution Already Beyond the Control of the Spanish Authorities and Unless Reinforcements Are Sent to Manila Immediately the Spanish Forces Are in Danger of Final Defeat.

SAN FRANCISCO, Oct. 20.—Advices by the steamer Peru from Singapore and Hong-Kong up to Sept. 27 says that the rebellion in the Philippine islands is much more serious than has been generally recognized. It is said the reports of revolutionists' defeats sent out by Spanish officers have been greatly exaggerated and that so far the rebels have more than held their own in the struggle for independence.

It is stated that the revolution is now beyond the control of the Spanish authorities and that unless reinforcements are sent to Manila immediately the Spanish forces are in danger of final defeat. The rebels now hold the province of Cavite, are well organized and have 8,000 mouser rifles. There are many natives in the Spanish troops and the officers are afraid to take native regiments into the interior because their loyalty is doubted.

The Hong-Kong Press says editorially that there is no longer room for the least doubt that affairs in the Philippine islands will in a short time assume the proportions of the Cuban rebellion. The natives are determined. As each rebel signs an agreement he writes his name on his arm with blood and swears vengeance against the Spaniards.

The story of the original plans for striking the blow is a most serious one. For a long time the natives have been conspiring to overpower the government and it was finally decided to make a strong attack on the 15th of July. Governor General Blanco was to have been murdered by one of the natives on that day, and it was arranged to swoop suddenly down upon the body officers who attended the funeral, kill as many possible, then ransack the town of Manila and take entire possession of the place.

It is due to a woman that the plot was discovered. In confession she disclosed the plot to a priest, who divulged the secret. The arrest and imprisonment of many natives plainly indicated that the priests were cognizant of the arrangements, and then, toward the end of August, the fighting commenced in real earnest. From that time up to the middle of this month the date of the latest news there were repeated bloody conflicts between the government forces and the natives.

The Manila correspondent, under date of Sept. 2, denies that the Spanish troops defeated the rebels on Aug. 31. The writer says: "Eight rebels killed at St. Mesa; counted six or eight at San Juan, besides those on the Spanish side. The bodies (rebels) are being left out unburied to rot. Over 100 of them, some say 150, were shut up in a small room under the Bastino of San Sebastian Intra Maros on Monday night. No water; one small window. Fifty-four found dead in the morning. With those prisoners since died, said to be a total 70."

MURDER DUE TO DRINK.

A Cornknife in the Husband's Hands Killed Wife and Child.

BLUEFIELD, W. Va., Oct. 20.—Marion Kennard, who lives on Badger creek, in Wise county, killed his wife and a 14-year-old son Sunday night. He failed to injure his young daughter. The weapon which he used was a large corn-knife.

Kennard had been drinking heavily for weeks. He came home after dark Sunday night. The family had retired. He awakened his wife and a quarrel followed.

Kennard went to the porch where he took down the cornknife. Returning, he struck his wife, almost severing her head. Then with a blow he killed his boy instantly. The daughter made her escape.

After sleeping off the effects of the liquor Kennard told his neighbors that a tramp had murdered his wife and child, but the daughter who escaped related the facts.

Kennard is being guarded by a score of men, and it is believed that a lynching will follow.

HORACE RUBLEE DEAD.

Editor of the Milwaukee Sentinel Passes Away.

MILWAUKEE, Oct. 20.—Horace Rublee, editor of the Milwaukee Sentinel, is dead. He had been suffering for two years from a tumorous disease developed from tuberculosis and during the past month had rapidly wasted in strength.

Mr. Rublee was born in Berkshire, Vt., in 1829, and came to Wisconsin in his 11th year. He resided in this state continuously, with the exception of a year as editor of the Boston Advertiser in 1878 and eight years as minister to Switzerland during Grant's administration. He served for many years as chairman of the Republican state committee, was editor of the Wisconsin State Journal at Madison for 16 years and in 1890 came to Milwaukee and for a like period has been in control of The Sentinel. Mr. Rublee was one of the most distinguished newspaper writers for scholarly attainments, political leadership and style of expression. He leaves a widow and two sons.

ARMENIANS IN NEW YORK. The Refugees From Boulogne Arrive on the Steamer Obdam.

NEW YORK, Oct. 20.—One hundred and sixty-seven Armenians, who embarked at Boulogne, arrived on the steamship Obdam yesterday, and were at once transferred to Ellis island, where they were examined by the health authorities and the inspector of immigration. There was one family of 16, including husband, wife, children, uncle, aunt and cousin. The Armenians, as a rule, were well dressed, intelligent looking and did not appear to have suffered any privation.

The refugees were met at Ellis island by representatives of the Salvation Army and ladies from Women's Christian Temperance union, a representative of the Red Cross Society and several charitably disposed persons. Upon their arrival at Ellis island they were grouped and photographed.

A protest from the residents and taxpayers of Honokus county, N. J., was presented to Dr. Senner, commissioner of immigration, at Ellis island, signed by a committee consisting of Saul B. Moffatt, Fred Shilling and John Y. Dalen. This stated that for some time past, men and women, dressed in the uniform of the Salvation Army, have been engaged in systematic begging for the aid of a "horde of Armenians, the same being aliens and paupers, and we protest against the said aliens and paupers being sent into this community."

Another letter was from the Rev. J. M. Tromper, pastor of the Christian Reform church, at Ramsey, N. J., where it is proposed to colonize the Armenian refugees. Pastor Tromper says that he has been requested by his congregation to extend the sympathies of his church and congregation to the movement to colonize the refugees.

Colonel Holland, secretary of the Salvation Army, American relief department, accompanied by Brigadier Fox, editor of The War Cry; Ensign Kemp, Ensign Carabed and two Armenian interpreters and several members of the Woman's Christian Temperance union appeared before the board of special inquiry and stated that the refugees were not paupers and that they would not be colonized at Ramsey. He said, however, that Ramsey would be a distributing point and that the Armenians would be drafted from there to farmers and placed on the farms of the Salvation Army officers. Consequently, he said, they would not be paupers, nor likely to become a public charge.

The board of special inquiry referred the matter to Commissioner Senner, who sent the papers on to the secretary of the treasury.

Twenty-eight men and two women who had a few dollars each, and who were considered desirable persons, were "admitted." They will be sent to Salvation Army officers in New Jersey. About 180 more Armenians are expected.

EASY TO REACH THE POLE.

Mariner's Compass in a Magnified Form Is A. W. Nitch's Idea.

BOSTON, Oct. 20.—An entirely new scheme looking to aerial navigation and flight has been suggested by A. W. Nitch of 1 Beacon street. It is the idea of Mr. Nitch that the subtle magnetic attraction that holds the needle of the mariner's compass with unswerving fidelity to the north can be utilized in a magnified form for man's convenience, profit and pleasure.

Accepting the theory advanced that vast deposits of magnetic ore exist in the immediate vicinity of the north pole, and that from there come the magnetic currents distributed over the globe, and that it is the attraction of this thus far undoubted field that draws with magic power the needle of the compass, there is nothing, as Mr. Nitch looks at it, to prevent its being made of real service.

"I believe," he said, "that magnets could be suspended in the air of sufficient force to counteract the resistance of the air, overcome the adverse currents, and move more or less rapidly toward the north."

Mr. Nitch said that it might not prove possible, but it was open to argument and experiment.

THE X RAY POISONOUS.

An Investigator Compelled to Give Up His Experiments.

SALEM, Mass., Oct. 20.—George L. Newcombe, who has been successfully experimenting with the X ray, asserts that he has been obliged to renounce further investigation as it was poisoning him. He had experimented chiefly on his right hand.

At first the symptoms were very much the same as of ivy, or other vegetable poisoning, the sensation being one of itching, burning and smarting. The skin turned a dark purplish brown, and a burning sensation increased with each successive exposure. The skin peeled off while every hair upon his hand fell out. The nails of the fingers turned purple and lost life and gave indication of falling off.

Mr. Newcombe says the light is diffused through an aluminum window in the glass tube, being reflected upon the point of experiment by a platinum disk. It is his theory that infinite small particles of this platinum were projected upon the flesh beneath, and produced symptoms of poisoning. Mr. Newcombe thinks infrequent exposures can be made without the slightest injury.

Fraud Order Issued.

WASHINGTON, Oct. 20.—The postmaster general has issued a fraud order against James C. Lovett, treasurer of the Tortillita Gold Mining company having headquarters at 531 Broadway, New York city. The concern advertised mines in California.

## VOTED TO STOP WORK

Ohio Miners Refuse the Reduction of Wages.

A SHUTDOWN SURE TO FOLLOW.

A General Fight Will Now Be Made For the Sixty-One-Cent Scale and the Men in the Thin-Vein Mines Will Probably Be Called Out—Plans For the New Statehouse—Other Ohio State News.

COLUMBUS, O., Oct. 20.—State President Ratchford of the miners' association issued a circular to the miners of the state announcing that the vote on the proposition to reduce wages from 61 to 45 cents a ton stands 521 for reduction and 4,308 against it. He calls attention to the fact that more than half of the miners of the state did not vote.

Of the votes cast 1,848 were thrown out, because the miners had not paid their dues, and so had lost the standing. This did not affect the result, however. The miners that did not vote are principally those employed in the thin vein mines.

The circular says nothing about another state convention. It is plain that there is to be an indefinite suspension in the thick vein mines, where the men are now out, and they will probably insist on the thick vein mines closing, to help to secure the 61-cent scale.

President Ratchford says that he will now lead the fight for the 61-cent wages.

The Wheeling creek miners not only voted to accept the reduction, but resolved to go to work at the reduced rate.

At Yorkville 110 men are at work at the old rate of 61 cents a ton, the operators being willing to pay it.

The officers of the miners' organization do not regard the question as fully settled yet in view of all the circumstances.

New Statehouse Plans.

COLUMBUS, O., Oct. 20.—The statehouse commission met yesterday and received the plans submitted and adjourned until Oct. 28. It is doubtful whether the commission will be able to select a plan by Nov. 1, as contemplated by the law, and an investigation is being made into the wording of the act to ascertain whether it is directory or mandatory in requiring selection to be made by Nov. 1.

Ground to Death Under an Engine.

COLUMBUS, O., Oct. 20.—A man aged 65 was instantly killed by a Baltimore & Ohio train near Summit station, east of here, yesterday. Letters in his pocket show that his name is Elijah Looker. He was agent for the United States Medicine company. His body was cut to pieces. The trainmen believe it a case of suicide.

Bank Failure.

MARION, O., Oct. 20.—T. P. Wallace, proprietor of the Marion Deposit bank, has made an assignment to A. H. Kling and E. G. Allen. The liabilities and assets are not known. It is believed that the depositors will get every dollar. This is the first bank failure in the history of Marion.

Steam Propeller Sold.

IRONTON, O., Oct. 20.—Yesterday afternoon Bay Brothers sold the steam propeller Georgia to Captain H. Bugge and associates of Scranton, Miss., for \$13,750. The boat is practically new and cost \$20,000. It will be put in the gulf harbor trade.

ROOF FELL IN.

Two Carpenters Killed and Three Others Badly Injured.

CHARLOTTESVILLE, Va., Oct. 20.—The fireproof cement roof to one of the lecture rooms in course of construction adjoining the rotunda of the University of Virginia, fell in at 12 o'clock yesterday, killing two carpenters, Eugene Bunch and George Tucker, and injuring three others.

Joseph Lamb was taken out badly injured. He has a scalp wound and his spine probably is fractured. He is not expected to live.

Lorenzo Bowen was cut about the head and left arm, but recovered sufficiently to go home.

S. V. Chambers' skull was probably fractured and his arm was broken and his face cut badly. He probably will die.

The accident is supposed to be due to the fact that the supports were taken out before the work had become thoroughly set, but as yet the matter has not been investigated. The structure was one of the four new wings to the old rotunda.

An Alleged Hotel Thief Arrested.

ANDERSON, Ind., Oct. 20.—A stranger giving the name of John Carter, with no fixed residence, attracted attention at the depot yesterday, and when the police approached he endeavored to escape by running, but was captured after a desperate flight. A watch, with money and clothing stolen from an Elwood hotel, was found in his possession, guests having been robbed while sleeping.

Boycott in Court.

INDIANAPOLIS, Oct. 20.—It is stated here that Judges Ricks and Woods of the United States Circuit court will take action on the boycott instituted by the Joint Traffic association against the Clover Leaf line if the matter is presented to them and that it will be presented if it is seen that the business of the Clover Leaf is injured by the boycott.

## **PROPHECY AND FULFILLMENT.** [K. S. J., in Louisville Evening Post.]

Prophecy, 1876.—However great the natural resources of a country may be, however genial its climate, fertile its soil, ingenious, enterprising and industrious its inhabitants, or free its institutions, if the volume of money is shrinking and prices are falling its merchants will be overwhelmed with bankruptcy, its industries will be paralyzed and destitution and distress will prevail.—Report of United States Silver Commission, 1876, p. 56.

Fulfillment, 1895.—Prices have fallen 50 per cent.

Merchants are bankrupt.  
 Industries paralyzed.  
 Destitution and distress prevail.  
 The volume of money shrinking.  
 The only business which prospers is the accursed trade of usury.

The Cynthia Democrat says that Harrison County's big Democratic majority will clinch the election of LaRue Thomas.

NICHOLAS County Democrats tried to secure low rates for their big rally at Carlisle to-morrow, but the railroad refused to grant them. However, the meeting promises to be a big one.

In the present Congressional contest, much depends upon Mason County Democrats. They should roll up a majority of not less than 500 for LaRue Thomas and free coinage. See that every vote is polled.

WHEN Mr. Thomas was nominated for Congress he promised that his voice would be heard in every county of the Ninth district in behalf of his party. That promise has been faithfully kept. No nominee has ever made a more thorough canvas, and he will be in the thickest of the fray until the polls close on November 3rd. He deserves and should receive the hearty and enthusiastic support of his party, and if he receives that support he will be our next Congressman.

Why are life-long Republicans over in Ohio so anxious to get the boltoeratic ticket on the ballot? The reason is apparent to all. They are scared up over that State and want to cut down Bryan's vote in every way possible. What a transparent fraud this third party move is, in Ohio especially? Not enough following to give it a respectable standing on the official ballot, and they have to call on life-long Republicans to help them out. There never was a more despicable political trick perpetrated than the one referred to over in Ohio.

## **OH, WHAT A SET!**

The petition filed at Columbus, O., to have the Palmer and Buckner electoral ticket placed on the official ballot contains the names of 141 voters of Portsmouth.

The Portsmouth Times says 104 of these 141 voters have always been Republicans, and the Times publishes their names. Some of the other 37 have been voting the Republican ticket for years.

Well, the only way to secure enough names to the petition was to get Republicans to sign it.

# **SENATOR GORMAN.**

## **The Maryland Leader Speaks in Favor of Bryan.**

Comes Out Squarely for the Chicago Ticket, and Gives His Reasons.

BALTIMORE, Oct. 15.—United States Senator Gorman was greeted to-night by a crowd which was limited only by the capacity of Music Hall, who came to hear him make the first political speech he has made in this city for many years. The enthusiasm was intense and Mr. Gorman was received with a perfect storm of cheers when he appeared upon the platform with United States Senator Morgan, of Alabama, who took the place of Senator Faulkner on the program, the latter being unable to attend. It is asserted that to-night's meeting was second only in point of numbers to that which greeted Mr. Bryan a few weeks ago in the same place. Mr. Morgan spoke briefly. Mr. Gorman said in part:

I would not be frank did I not tell you how much I appreciate this greeting. I would be unjust to you did I not interpret it to mean that it is the only way for the moment in which you can express your determination to support the Democratic nominee, and that it is the way that you have of manifesting your approval of one of your party fellows who never turns his back on the foe of the Democratic party. Parties are the only means that a free people have of controlling their own Government.

The great mass of our people are attached to their Government, and they would not tolerate acts by individuals or by parties which would tarnish the honor of their great Government. I lay down the general proposition that no matter which party controls this Government, the Union will be maintained, its purity will be preserved and any party who would act otherwise would be absolutely obliterated.

Now, let no voter suppose for a moment that either of the great parties stands for a single idea. If he attaches himself to a party it must be because, in the main, that party's doctrine suits his ideas of the control and management of public affairs.

In 1896, the contest in which we are engaged now, the great question which has been brought to the fore is the one of currency, and the influence of corporations in the control of our elections. We advocate the election of Bryan and Sewall. But we do not support them simply because they are the Democratic nominees. We support them because they represent the great principles for which the Democratic party stands.

If there are any, and I am told by the public press that there are some, who have formerly been with the Democratic party, but who now prefer McKinley to Bryan (hisses), let them go in peace. I treat all the men who support McKinley and Hobart or Palmer and Buckner as first and second degree Republicans. The first are the supporters of McKinley who have the courage of their convictions, and I honor them as American citizens. The limping, halting, hesitating, cowardly fellows who go only half way can have no respect from anybody. Do you want any proof that it is all one concern? If you do, turn to their organ and you will find that there are two branches of bolting Democrats in Maryland, one that has a committee of seventy, and the other that has a committee without number. The one supports outright Mr. McKinley and the other fellows that poor old ticket that was nominated at Indianapolis.

Now, all of these Republicans and the men that I have described charge the Democratic party with all sorts of crimes. That is nothing new to Democrats. All the adjectives that have ever been coined to suit the English language have been hurled against us from Jefferson's time until now. They do not abuse Bryan any more than they abused Jefferson and Jackson (applause), and yet the Democratic party has outlived all of its tendencies and elected its candidates, who were thus opposed, and placed their stamp of approval upon the great acts that the Democratic party have performed.

The remainder of Mr. Gorman's remarks were largely devoted to the financial question. He came out squarely and flat-footed for the free coinage of gold and silver at 16 to 1.

## **BIG RALLY AT CARLISLE.**

Governor Stone, of Missouri, and Others to Speak There Next Thursday—An All-day Meeting of Democrats.

The Democrats of Nicholas County announce that an all-day rally will be held at Carlisle next Thursday, October 22nd, and they will make it the biggest meeting held there during the campaign.

Governor Stone, of Missouri, Hon. Charles J. Bronston, of Lexington, and Hon. W. J. Ramsay, elector for this district, and others will speak.

Democrats of Mason and Fleming County are cordially invited.

A foul breath is one of the greatest afflictions that a man or woman can have. An affliction not only to themselves, but to those with whom they come in contact. A foul breath is a great discourager of affection. It would probably be more so if people only realized just what bad breath means. Bad breath is one of the symptoms of constipation. Some of the other symptoms are sour stomach, loss of appetite, sick and bilious headache, dizziness, heartburn and distress after eating. These things mean indigestion. They lead to dyspepsia and worse things. They all start with constipation, and constipation is inexcusable because it can be cured—easily, quickly and permanently, by the use of Dr. Pierce's Pleasant Pellets. They give to nature just the little help that she needs. There is no case of biliousness, constipation, indigestion, "heartburn," or any of the rest of the night-mare breeding brood, that these little "Pellets" will not cure.

Stomach, sometimes called waterbrash, and burning pain, distress, nausea, dyspepsia, are cured by Hood's Sarsaparilla. This it accomplishes because with its wonderful power as a blood purifier, Hood's Sarsaparilla gently tones and strengthens the stomach and digestive organs, invigorates the liver, creates an appetite, gives refreshing sleep, and raises the health tone. In cases of dyspepsia and indigestion it seems to have "a magic touch."

with severe pain across my shoulders, and great distress. I had violent nausea which would leave me very weak and faint, difficult to get my breath. These spells came oftener and more severe. I did not receive any lasting benefit from physicians, but found such happy effects from a trial of Hood's Sarsaparilla, that I took several bottles and mean to always keep it in the house. I am now able to do all my own work, which for six years I have been unable to do. My husband and son have also been greatly benefited by Hood's Sarsaparilla—for pains in the back, and after the grip. I gladly recommend this grand blood medicine."

Charley Williams and cousin, Julius Degman, of Springdale, left Friday on a visit at Foxport and Sugar Loaf vicinity.

Mrs. Smith, of Maysville, Arthur Tolle, of Cottageville, and Master John Degman, of Springdale, were pleasant guests of relatives at Mount Welcome the past week.

There were five shots fired during the melee that occurred Thursday at a road-working in the Bernard neighborhood between Mr. Kreutz, white, and Wm. Griffith, colored. No one hurt. The trouble originated over a dispute about some hogs.

A man from Lewis County was heard to remark on the streets of Maysville the day President-elect Bryan was there that he "had never voted for a Democrat for any office, not even for School Trustee, but he intended this election to vote for Bryan, free coinage of silver and for himself."

Wm. Kirk, of near Tollesboro, was here the past week removing the saw mill operated by Kirkland & Deatly on the farm of Richard C. Williams in Lewis County. He will return with it in about six weeks to the farm of Mr. James Ensor in this neighborhood where it will be operated during the fall and winter.

Notwithstanding the discouraging fact that legions of chinch bugs are lurking in the stalks and rubbish of the fields, the farmers are sowing a greater quantity of wheat than usual, stimulated by the fair prospect of Bryan's election, because in that event India can no longer compete with us as a rival by selling wheat to England for silver, an American product that she has bought at 65 cents per ounce.

## **BIRTHS AND DEATHS.**

A Decision of Importance to Physicians in Regard to Keeping a Register of Such Happenings.

HOPKINSVILLE, Ky., October 18.—In the Christian Circuit Court, Judge Breathitt rendered a decision last evening in the test case against Dr. F. M. Stites, of this city, charged with failure to register births and deaths occurring in his practice as provided by the law. Judge Breathitt reversed the decision of the lower court, fining Dr. Stites, on the grounds that while the law is constitutional, the State Auditor had not provided the County Clerk with the proper blanks to be furnished doctors. Last year one hundred physicians practicing their profession in this city and county were fined \$20 and costs each for failure to register births and deaths, and the case of Dr. Stites was appealed as a test case, with the above result. The decision will be of interest to physicians of this State, as other cases are pending.

## **Dearing's "Frost" and "Roast."**

Mr. W. G. Dearing, who bolted the Democratic nominees, spent part of last week in Bracken County, doing what he could to help the Republicans in their campaign. He went to Germantown one night to speak and only two men turned out to hear him.

At Milford, he struck a Democratic meeting and asked for a division of time. It was granted. When he finished, Mr. W. B. Ogden replied, and it is said Mr. Dearing received such a roasting that he will never want to tackle the Milford orator again.

## BRYAN'S ANSWER

### To the Charge That the Democratic Platform is Anarchistic.

He Silences Howlers by Quoting What Judge Brown, a Distinguished Republican, Says on That Income Tax Decision.

DETROIT, MICH., October 17.—With an audience of 8,000 or 10,000 people in the Union Driving Park at Saginaw, to cheer him on, Mr. Bryan made a vigorous speech of an hour, in which he replied with a display of considerable feeling to the charge that the Democratic platform was anarchistic.

"I am told," he said, "that some of your people are very much concerned for fear the Democrats, in their platform, have not been sufficiently considerate of the Supreme Court of the United States. Some of your people are worried because there is a plank in the Democratic platform which expresses a desire for an income tax, and which expresses a hope that the court at some future day may reconsider the decision rendered a year ago, and will permit the people of the United States to make those who have large incomes pay some of the expenses of the Government. [Laughter.]

"I want you to read the Democratic platform on that question, and when you have become thoroughly frightened by it I want you to read what one of the dissenting Judges said about that decision. I want to read to you what Justice Brown, who was selected from your own State, and instead of being an anarchist, or a Democrat, or a Populist, or a silver Republican, is a Republican, and, being a Republican, certainly no man ought to accuse him of not being sufficiently polite to the Supreme Court. Let me read you what he said:

"While I have no doubt that Congress will find some means of surmounting the present crisis, my fear is that in some moment of national peril this decision will rise up to frustrate its will and paralyze its arm.

"Now, remember these words which I am about to read:

"I hope it may not prove the first step toward the submergence of the liberties of the people in a sordid despotism of wealth. [Cheers.]

"My friends, it was a Republican who said that, a Judge of the Supreme Court of the United States, and, while I am a Democrat, I indorse what that Republican Judge said, and I think, my friends, that the policy that lies behind that decision means a submergence of our liberties in a sordid despotism of wealth [great applause and cheering], and before anybody calls me an anarchist for believing that, I want him to take an anarchist's badge and pin it on Justice Brown, of the Supreme Court. [Great cheering.]

"Let me read some more of what he says:

"As I cannot escape the conviction that the decision of the court in this great case is fraught with immeasurable danger to the future of the country, and that it approaches the proportions of a national calamity, I feel it a duty to enter protest against it. [Great cheering.]

"That it approaches the proportions of a national calamity, that it is fraught with immeasurable danger to the future of the country, that is what your Republican Judge said, and, yet, in the presence of this language that it approaches the proportions of a national calamity we are told that we must keep silent. And who says so? The men who ought to be paying their taxes and supporting the Government and want the poor people of the United States to do it for them. Not only that, but the men who condemn that decision are not honest enough to tell you that they dislike our position because they don't want to pay their taxes. [Great applause.]

"My friends, I have not hesitated to express my opinion of the man who wants this Government to protect him and does not want to pay his share to support that Government. [Applause.] I have said that the man who wants the protection of this Government, and yet is not willing to pay his share of taxes, does not deserve to live in a Government like this. [Great cheering.] When you find a man who is denouncing the Democratic

party because of that position you find out whether that man is paying his share even of your school taxes. [Applause.]

"Show me a man who is alarmed for fear the Supreme Court is being attacked, and I will show you a man who belongs to that class of citizens who have their property assessed for taxation in a less proportion to its value than the poor man who has to pay his taxes on his home." [Cheers.]

A GAME of ball at Portsmouth Sunday almost ended in a riot. The Polos were playing the Chillicothe team. Constables who tried to serve warrants were chased off the grounds by the howling mob of spectators, and barely escaped alive. The crowd then surrounded the office of Squire Cole, where ticket seller Richard Thornton was held. They threatened to release him, and the riot alarm was turned in. The police dispersed the crowd, and over 150 arrests will be made on the charge of rioting. A dispatch says warrants are to be issued for Schroll, Hiberger, Punch Kellner and all the other players.

#### A FREE LAND.

But Men Are Forced to Sign a Pledge as to How They Would Vote.

FINDLAY, OHIO, October 17.—A tremendous sensation was created here today by the action of the Standard Oil Company toward their employees. For some time the company has had its officers instruct its men how they shall vote, and have been holding regular schools of instruction, which all employees have been obliged to attend, and at which the gold standard doctrine was inculcated.

Yesterday Alexander Johnson, field foreman of the Ohio Oil Company, which is the operating branch of the Standard in this field, took to each of the men under him a slip of paper printed with the words gold and silver in large type and every man was compelled to mark which ticket he would vote and sign the printed pledge that he would vote as he had marked. Nearly all of the men marked their cross after the word gold, although they had been almost unanimously for silver before the coercive measures were adopted. Whether they will vote as they have marked is another question.

#### J. W. STILLWELL.

Death of a Gentleman Who Had Many Relatives in This City and County.

A telegram was received Monday by relatives in the county announcing the death of Mr. J. W. Stillwell, of Pike County, Missouri, on Sunday.

It will be remembered that his wife died only a few weeks since, and it is thought that grief over her demise, together with previous bad health, hastened his death.

Mr. Stilwell was a son of the late Mr. Brison Stilwell, a prominent citizen of Hannibal, Mo., who formerly lived in this city, and was aged about fifty years. His mother was a sister of the late Mr. Chas. Dimmitt, of this county.

He leaves three children—two daughters and a son—who are now doubly orphaned.

He will be buried at Hannibal, his old home.

### TWO KILLED AND TWO WOUNDED. Result of a Sunday Battle Between Whites and Blacks.

BIRMINGHAM, Ala., Oct. 20.—A battle which occurred at Belle Ellen mines, Bibb county, Sunday, between whites and blacks, resulted in the death of two men and the wounding of two others.

Deputy Sheriff Tatum had gone to the place from Blocton Saturday with a warrant for the arrest of George Gore, a notorious negro character. Gore was found early Sunday morning in the negro quarters and immediately resisted arrest, drawing a shotgun on the officer. The latter brought his pistol into play and both men pulled the trigger of their weapons. Tatum's pistol refused to fire, but Gore's gun was discharged, the load which consisted of birdshot only, taking effect in Tatum's head, producing a severe wound.

At this juncture several other negroes ran to Gore's rescue with drawn weapons. John Sullivan, a jewelry drummer from Bessemer, seeing Tatum's plight, came to his aid and opened fire. He killed Gore at the first shot. Then Tatum, though wounded, got his pistol to working and began firing. A dozen or more shots were exchanged. When the battle was over, Frank Martin, colored, was dying and Jim Dennis, colored, badly wounded. A large number of negroes gathered and made ugly demonstrations toward Tatum and Sullivan, but the whites rallied to them. For a time it looked like wholesale bloodshed would follow, but the formidable showing of the whites overawed the negroes, who finally dispersed.

### CONFINEMENT TELLS.

Jackson and Walling Kept in Their Cells Twenty Hours Daily.

CINCINNATI, Oct. 20.—The murderers of Pearl Bryan, Jackson and Walling are not bearing up very well under the strict rules of Turnkey Maurer. They are confined in their cells now 20 hours daily, without any exception. They are permitted the freedom of the corridor only from 11:30 a. m. to 3:30 p. m. Before their plot to escape was discovered they were permitted to be out of their cells all day with all the other prisoners.

Since the discovery of their scheme for getting information and sending it out through other prisoners, the pains of the jail officials to prevent their plans from working have been redoubled. Every letter and paper sent into or out of the jail from any of the prisoners, or addressed to any of them, is carefully examined, for fear that some information about their case may get to Jackson and Walling.

The two prisoners still amuse themselves playing cards. When Father Kylie or some other religious visitor calls on them they listen with great attention.

### Everything Safe in the Vaults.

GUAYAQUIL, Ecuador, Oct. 20.—The officials of the Bank of Ecuador have succeeded in opening for the first time since the great fire the vaults of that institution. To their great satisfaction they found the paper money, documents and books, not to mention the coin, contained in the vaults to be in perfect condition. This will tend to restore confidence and will lead to an earlier resumption of business than was at first anticipated.

## Gladness Comes

With a better understanding of the transient nature of the many physical ills which vanish before proper efforts—gentle efforts—pleasant efforts—rightly directed. There is comfort in the knowledge that so many forms of sickness are not due to any actual disease, but simply to a constipated condition of the system, which the pleasant family laxative, Syrup of Figs, promptly removes. That is why it is the only remedy with millions of families, and is everywhere esteemed so highly by all who value good health. Its beneficial effects are due to the fact, that it is the one remedy which promotes internal cleanliness, without debilitating the organs on which it acts. It is therefore all important, in order to get its beneficial effects, to note when you purchase, that you have the genuine article, which is manufactured by the California Fig Syrup Co. only, and sold by all reputable druggists.

If in the enjoyment of good health, and the system is regular, then laxatives or other remedies are not needed. If afflicted with any actual disease, one may be commended to the most skillful physicians, but if in need of a laxative, then one should have the best, and with the well-informed everywhere, Syrup of Figs stands highest and is most largely used and gives most general satisfaction.
